Pymatuning Dam Area Now Three Fourths Cleared

Rapid Progress Is Being Made At Pymatuning

Clearance Work Is 75 Per

DAM ITSELF IS RAPIDLY RISING

Work On Roadway Across

Started Soon

(Special To The News)
ESPYVILLE, Pa., Aug. 27.—
With approximately 75 per cent
of the clearance work done on
the Pymatuning Dam, Ralph J.
Farris, engineer in charge of the
work estimates that it will be
entirely finished before the end
of the present year.

All the land from Turnerville
north to a point two miles above
Espyville has been cleared and the
men are now working in the swamp
itself, the famed "Black Jack"
swamp which was supposed to be
impassable in warm weather. Oak
and tamarack, sumac, willow and
pine are feeling the bite of the work-
ers' axes and the map in the en-
gineers' office shows how fast the
work has progressed.

On the retaining wall of the dam
near Jamestown the Cummins con-
struction company is within six feet
of the crest of the wall, and riprap
has already started in the emer-
gency outlet passage which runs
around the concrete outlet tunnels
and rejoins the Shanango River.

To Build Roadway
The contract for the construction
of the highway between Espyville
and Andover will probably be let
within the week, and work on this
project will undoubtedly start with-
in the immediate future. This will
be a huge pile of earth about two
and a half miles long, forty feet
high, running across what will be
the middle of the Pymatuning Lake
and connecting Pennsylvania and
Ohio.

Save for the inconvenience of su-
mac and ivy poisoning which has

PA NEW OBSERVES

Work has been completed recently
on surfacing of the highway leading
from Walmo across to the New Cas-
tle-Mercer road. A top of macadam
has been placed on the highway,
making it a much improved road
over what it has ever been before.

State highway department work-
men have recently completed the
work of touching up the Pulaski
road, out of New Castle, which was
improved as far as King's Chapel
church a year ago. The little strip
at the bridge, near the church has
been improved, and the road is now
continuous to the harbor. For some
time there was about 400 or 500 feet
of dirt road at the bridge, appar-
ently being unimproved until the
problem of the bridge location was
settled.

Only a refreshing breeze last night
kept the populace from suffering
from the warm humid atmosphere.
The temperature during the night
only dropped to 68 degrees, which is
quite a contrast to the nights of the
previous week when the mercury
dropped down too close to the frost-
ing point for comfort.

Local merchants were warned in
time by secret service agents to be
on the lookout for a counterfeit \$10
bill which is being circulated
throughout this section of the
country. Anyone who is suspicious
of a bill need only compare it with
a genuine bill to note the differ-
ence.

DISTRICT ATTORNEY WARNS AGAINST OPERATION OF GAMBLING MACHINES HERE

Slot machines in Lawrence Coun-
ty are out. Definitely so, and any
attempts to install or operate such
machines will be prosecuted by the
District Attorney, John S. Powers.
In a statement made today, District
Attorney Powers issued a warning
to those places wherein slot ma-
chines are being operated and to
places considering such installation.
The statement of District Attor-
ney Powers, follows:

"I have been informed that there
are slot machines and other gam-
bling devices of various kinds offer-
ed to reputable business houses for
installation.

"Business men approached by
agents of the concerns, handling
such devices have been told that
they are strictly within the law
and safe from prosecution if such
devices are found on their premises.
This is a palpable misrepresentation
by the aforesaid agents.

"For the information of any in-
nocent persons who might succumb
to the temptation to install, handle
or use such machines or devices, I
wish to sound warning that any in-
dividual, company or corporation,
that has, or will have, operated any
illegal device as described generally

DEATH OCCURS IN MERCER HOSPITAL

(Special To The News)
MERCER, Pa., Aug. 27.—Thomas
Boydland, 67, Cortland, N. Y., died
at Mercer hospital today the result
of injuries received this morning
when he fell from the running
board of a fruit truck which oper-
ates between Pittsburgh and Erie.
The truck was proceeding toward
Erie. About two miles before the
truck reached Mercer via the Perry
highway the battery went dead.
The headlights went dark.

The second man operated the
truck and Boydland stood on the
running board with a flashlight as
a signal to oncoming traffic. In
some manner he fell to the high-
way.

Coroner William Applegate con-
ducted an autopsy. It was said the
injuries that caused death was a
fracture of the pelvic bone, a broken
vertebrae and shock.

SIOUX CITY, Iowa, Aug. 27.—A
curious record of gains and losses
was recorded today for the milit-
ant ranks of grain belt farmers who
went on a marketing strike to force
higher prices for their crops.

The farm strikers scored a major
victory here when the Sioux City
Milk Producers' association agreed
to increase the basic farm price of
milk from \$1.40 to \$1.80 per hundred-
weight. The farmers were re-
ceiving only \$1 per hundredweight,
due to a surplus, the new agreement
proved a big step forward in their
campaign for higher prices.

Their victory means an increase
from 8 to 9 cents a quart in the price
to consumers. The strike was lifted
locally, so far as milk was concern-
ed, but retained on all other products
of the farm. Hundreds of pickets
guarded every road leading into
Sioux City, with Nebraska and South
Dakota farmers helping to picket
highways into the two adjoining
states.

Movement Spreading.
The holiday movement continued
to spread through the west. It was
endorsed by South Dakota farmers
at a state-wide meeting. It won the
approval of Governor Warren E.
Green of South Dakota. The South
Dakota farmers agreed to hold out

B. And O. Traffic Delayed By Fire

Trains Resume Schedule Over
Own Line This Morning
Following Pittsburgh Fire

Regular traffic over the main line
of the B. and O. railroad company,
passing through this city was re-
sumed at 10 o'clock this morning.
When train No. 16, went through
over the B. and O. line on regular
schedule.

Traffic had been rerouted over
the lines of the P. and L. E. railroad
out of Pittsburgh since 6 o'clock last
evening, when the Allegheny river
bridge of the B. and O. at Pitts-
burgh took fire and burned for sev-
eral hours.

The fire is believed to have start-
ed from live coals falling from the
passenger train for this city, which
left Pittsburgh at 5:43 last evening.
Twelve Pittsburgh department
were called out by the blaze.

Fog And Rains Delay Airmen In Hop To Wheeling

(International News Service)
HARRISBURG, Pa., Aug. 27.—Fog
and bad flying conditions over "avi-
ation's graveyard" in the Pennsylv-
ania mountains today delayed the
takeoff of almost a score of planes
from the Leeds-Lawrence air races
near Roosevelt field, L. I., to Cleve-
land.

The fast amateur planes landed in
rapid succession throughout the
morning to be handicapped before
taking off for Wheeling, W. Va., the
next "control stop".

Heavy fog, low ceiling and rains
over the treacherous mountains be-
tween here and Pittsburgh, where
many a flier has lost his life and
plane, held down the fliers until
more favorable weather conditions
are expected.

NEW YORK, Aug. 27.—Gov-

train his guns on President
Hoover for the latter's stand on
repeal of the Eighteenth Amend-
ment when he addresses a
Democratic rally at Sea Girt, N.
J., this afternoon.

It will be the governor's second
speech of his active campaign for
the presidency and his advisors said
that he intended to deal "fearlessly
and frankly" with prohibition.

Roosevelt is disappointed
because former Governor Alfred E.
Smith will not be present at the
New Jersey rally. When Mayor
Frank Hague of Jersey City, arranged
for the rally several weeks ago it
was with the understanding that it
would be turned into a reconcilia-
tion meeting between "Frank and
Al".

In all probability today will be the
only occasion of the entire presi-
dential campaign when Governor
Roosevelt will devote all of one
speech to prohibition. He repeat-

state requesting them to serve
without pay as members of the
new county relief boards to be
set as distribution units for the
\$12,000,000 provided by the spe-

man of the state relief board, in-
vited the names of those invited
will not be made public.

Members of the county units will
be asked to meet here next Wednes-
day with the governor and an effort
will be made to have distribution of
the \$1,500,000 allocated for the
month of September begin the fol-
lowing day.

The county distributions will be
made on the basis of the ratio of
their total number of unemployed to
the 1,267,606 jobless reported for the
state by the department of labor and
industry.

Scan Seas For Norway Fliers

Pair Attempting Ocean Hop

By HARRY K. REYNOLDS

LONDON, Aug. 27.—More
than a dozen ocean liners be-
tween Europe and North Amer-
ica scanned the seas closely to-
day for a trace of Clyde A. Lee
and John B. Johnson, youthful
American aviators, lost on an
attempt to fly non-stop from
Harbor Grace, Newfoundland,
to Oslo, Norway.

The fliers, who took off at 6:06
E. D. T. Thursday, were due in Oslo
around noon E. D. T. yesterday.
They allowed themselves extra fuel
for seven hours flying and this had
been exhausted at 7:00 P. M. E. D. T.
yesterday. The aviators have not
been reported seen since their take-
off.

British air ministry officials, con-
vinced the Americans were down,
still held out hopes for their safety.
There was some possibility they had
landed at some remote point in the
British Isles or on the continent or,
if they had come down on the sea,
that they still might be picked up.

If I had the job of deciding the
weather, I wouldn't have rain when
the sun should be out; I'd order
some rains to appear say at mid-
night, and work until dawn or some
time thereafter. I wouldn't have
rain when a picnic was scheduled,
nor ruin a ball game, nor spoil any
clothes. I'd have it at night and
save plenty of bother, plenty of work
with the gardeners' hose. But then
I don't have the job making the
weather. We take what we get and
have nothing to say, but supposing
I did, well, I'd make a few changes.

FIRE RAZES BUCKNELL MAIN BUILDING

Bucknell College Fire Loss Close To Half Million

"Old Main" Principal Building Is Destroyed By Flames Today

MANY VALUABLE RECORDS LOST

Fire Of Undetermined Origin Starts In Basement And Building Is Soon Levelled

(International News Service)
LEWISBURG, Pa., Aug. 27.—"Old Main," original and principal building of Bucknell university, was destroyed by fire early with loss estimated at between \$450,000 and \$500,000.

The fire, of undetermined origin, was discovered in the basement early this morning. Within two hours the huge and historic building was in ruins.

Blackened Walls.
Only the blackened walls remained standing, outlined against the fire-scarred trees of the campus. Many of the old trees were so badly cracked and burned that they will have to be uprooted.

"Old Main" was erected in 1851 and many of the bricks on both the exterior and interior faces of the walls were laid by students.

The structure was about 350 feet long. In the center was a 75-foot square, topped by a great dome. Wings 45 feet wide spread out on each side.

Virtually all records of the college and all the furnishings were destroyed. Among the records lost were those of many incoming students.

Postpone Opening.
Registrar Holder said the beginning of college, scheduled for September 15, with freshman activities beginning September 7, would probably be postponed to permit the furnishing of other quarters, registration and other reorganization.

Heroic efforts of firemen saved west college and east college on the opposite side of the campus from destruction.

Calls for help to nearby towns were sent out and firemen from Milton, Northumberland, Sunbury and Mifflinburg sped here to aid the Lewisburg fire department.

Collection Destroyed.
The flames razed through the old dried woodwork of the interior and were soon beyond control. As the first rays of dawn broke through, the historic dome of "Old Main" crashed into the blazing interior with a terrific roar.

Destroyed with the building was the valuable biological and geological collection of Dr. Nelson Davis, professor of biology.

shows an increase of almost 100,000 over the tabulation made last March for the final payment under the first relief act.

The counties will be allotted \$1-500,000 each month for September, October, November and March and \$2,000,000 each for December, January and February, a total of \$12,000,000 for the seven months.

Stringent rules have been laid down by the state emergency relief board for the distribution and use of the funds.

Allocations for September.

Allegheny, \$225,944.42; Armstrong, \$10,076.08; Beaver, \$25,494.91; Blair, \$17,520.43; Bucks, \$13,370.48; Butler, \$10,002.66; Carbon, \$11,707.90; Centre, \$5,249.90; Columbia, \$9,965.10; Erie, \$26,766.99; Fayette, \$24,916.26; Indiana, \$7,651.43; Jefferson, \$5,803.07; Lackawanna, \$54,012.05; Lancaster, \$25,920.91; Lawrence, \$29,394.06; Lehigh, \$28,762.63; Luzerne, \$81,632.34; McKean, \$7,115.38; Mercer, \$14,495.83; Mifflin, \$5,530.90; Monroe, \$3,663.60; Montgomery, \$40,209.65; Northampton, \$28,252.07; Northumberland, \$21,922.43; Philadelphia, \$35,947.08; Schuylkill, \$45,780.79; Susquehanna, \$3,463.01; Venango, \$7,892.83; Washington, \$29,308.78; Wayne, \$2,660.13; Westmoreland, \$41,781.12.

The money will be used to provide food, food orders or work relief, but will not be distributed directly.

Money will not be placed in the hands of the county boards but their bills will be paid in Harrisburg and the sums charged off against their allocations.

Asked Questions.

Anticipating Governor Roosevelt's discussion of prohibition at Sea Girt, a visitor from New York asked the governor a question.

"Are you prepared to say that a drinking man is a social asset and a present help to the Democratic party?"

"Are you willing to assert that a legal liquor traffic of the volume of 1914 will add to the strength of our manhood, the joy of our womanhood and the happiness of our childhood?"

"Can you give any assurance that a present day liquor traffic would be law abiding?"

Upwards of 200,000 persons are expected to attend the Sea Girt rally, according to word received by the governor.

Governor A. Harry Moore of New Jersey will entertain Governor Roosevelt at luncheon and will introduce him. Roosevelt's speech is set for 3 p. m.

AWAIT DECISION OF COURT JUDGE IN WALKER CASE

(Continued From Page One)

by Justice Stanley on the petition, Curtin is expected to appeal to the appellate division and, meeting with no success there, to the court of appeals and perhaps finally to the United States supreme court.

The removal hearing before Governor Roosevelt which has been in progress since August 11, is slowly dragging to a conclusion and the consensus is it will come to an end next week. Today all the principals in the drama were away from Allentown.

Governor Roosevelt was at Sea Girt, N. J. Mayor Walker was back in New York City and Samuel Seabury, the mayor's accuser, had returned to his home at East Hampton, Long Island.

Mayor Walker's counsel expressed the belief that they scored heavily in meeting the charges of Seabury that the missing Russell T. Sherwood was Walker's financial agent for several corporations, lawyers and notables of the stage and prize ring, including the Dolly sisters, Beatrice Lillie, Mike McTigue, one-time light heavyweight champion, and the veteran Johnny Dundee, former featherweight titleholder.

Walker Scores.

Sherwood was pictured by two witnesses, not as an obscure \$3,000-a-year accountant, handling the mayor's affairs, but as a business man with many irons in the fire. He was described as an expert accountant and tax authority who took care of the confidential business affairs for several corporations, lawyers and notables of the stage and prize ring, including the Dolly sisters, Beatrice Lillie, Mike McTigue, one-time light heavyweight champion, and the veteran Johnny Dundee, former featherweight titleholder.

The landing of a biplane blimp was to formally open the ten-day program of the races, followed by the crazy flying of the British members of the International foreign team here, Flight Commander Lieut. R. L. R. Atcherly. After this exhibition, a squadron of Marine planes from the Quantico, Va., barracks was to check in.

An Auto race demonstration was scheduled for the afternoon too, and at night, the first real spectacular events of the air show which has become the aviation classic of the world since abandonment of the Schneider cup races, were to be held. There was to be, first, an illuminated parachute jump from planes zooming high above the field, a mimic warfare demonstration by army and Marine planes, and novelty flying by the various members of the International team of airmen recruited for the races by Clifford Henderson, manager.

Nearly 200 Pilots

About half of the nearly 200 pilots who will enter the various events had checked in early today, including Jimmie Doolittle, holder of the eleven hour trans-continental speed record in the air.

Doolittle announced he probably would be unable to fly in either closed course events of the final thrilling 100 mile Thompson trophy race.

CANNOT USE NEW POLICE CAR AS TAXI

(Continued From Page One)

Mayor Charles Mayne today stated that the new automobile which is equipped with a bulletproof windshield will not be used for only reserve police duty and that it will not be used as a taxicab for hauling of intoxicated persons to the police station. Neither will it be used by city employees, according to the mayor.

The mayor believed the new police car which cost the city \$365 should be maintained for what it was bought for—police duty. The city has two other police cars. One of them was sent to the motor mechanic today for overhauling. As soon as repairs are made to that car another old car will be overhauled. The city also has several motorcycles.

The new car will be used to chase bandits and answer emergency calls. Recently a machine gun was bought by the city and Chief Haven, it is said plans to have some member of the department learn the finger-print system. A school is conducted by Troop D State Police, Butler, Pa. and it is probable the chief will request permission of Captain Mauk to assign a city policeman for study on the days the school is in session.

Police Chief Haven has adopted the attitude that a police department cannot successfully fight crime unless it is equipped properly and according to his plans he proposes with the cooperation of city officials to secure equipment so that it can operate at a high key of efficiency.

Boys Destroying Vacant Homes; Will Pay Stiff Penalty

Police Department To Take Action In Every Instance, It Is Stated

Chief of Police John P. Haven stated today that there were numerous complaints being received from all parts of the city relative to the practice of gangs of boys in smashing windows in vacant homes of the city and also doing other serious damage to these buildings.

Chief Haven announced that the police department was no longer inclined to be lenient in such matters and that boys caught in this kind of work would not only be made to pay for the damage done but would have a stiff penalty placed on them for the destruction done.

FARM STRIKERS FORCE INCREASE IN MILK PRICE

their products for 90 cents a bushel on wheat, 56 cents for corn, 48 cents for barley, 32 cents for oats and \$1.50 for flax, but set no time for starting the strike.

At Sioux Falls, S. D., farmers served an ultimatum on local milk distributors demanding an increase from \$1.25 to \$1.75 per hundred-weight on milk by Monday.

Roads Are Picketed.

Down at Omaha, Neb., a crew of farm strikers were picketing the great highways leading into the city from the west. It was cut off from the east by the picketing outside the Council Bluffs, Iowa, just across the Missouri river. A group of 400 farmers remained on highway 34, east of Council Bluffs, where clashes occurred earlier in the week. Civil authorities said they would not molest the pickets, "because the mosquitoes will drive them away in the end."

COMMISSIONERS TWILIGHT LEAGUE MEET ON MONDAY

Boy Bitten By Dog Asks \$1,000 Damage

Robert McClurg Suffers Injury When Alexander Dog Attacks Him

An unusual case growing out of a dog fight was filed at the prothonotary's office this morning in which Robert McClurg, by his attorney, Mrs. Martha McClurg, of 224 Englewood avenue, seeks to recover \$1,000 from Lester M. and Margaret Alexander of 208 Englewood avenue.

In the statement of claim it is alleged that the Alexanders are the owners of a Chow dog, and that Robert McClurg owns a small dog of mixed breed.

Robert was playing in his own yard with his dog, when the Alexander dog got loose and started up the street toward where he was playing. Mr. Alexander started after his dog, but when he got up to where the boy was playing the two dogs started to fight, the statement says.

Alexander caught hold of his own dog by the collar and called upon Robert to catch his dog. It is claimed in the statement that Robert, being of immature years and relying on the judgment of Alexander, grabbed his dog, and the dogs were separated.

Alexander's dog then broke away from him and jumping at Robert seized hold of his right leg between the knee and ankle, making quite a severe wound.

It is claimed that the services of a physician were necessary and that the boy endured considerable pain and suffering while the wound was three times cauterized. The amount asked is for expenses of treatment and pain and suffering endured.

BUSINESS CONFERENCE CONSIDERS PLANS TO BOOST EMPLOYMENT

verse industrial conditions was past. Robinson Heads Battle.

Henry M. Robinson of Los Angeles, chairman of the new central banking and industrial committee formed to direct these efforts, planned to have his headquarters in Washington. Everett Case of New York, son-in-law of Owen D. Young, and James Douglas of the treasury department were named as his assistants.

Six sub-committees created at the conference sought to complete their organization work.

One, under leadership of Owen D. Young, tackled the problem of making credit available and useful to business.

A program for expanding the maintenance and equipment expenditures of the railroads was mapped out by another sub-committee headed by Daniel Willard, president of the Baltimore & Ohio railroad.

Plans to increase capital replacements by other industries engaged the attention of a sub-committee under the chairmanship of A. W. Robertson of Pittsburgh.

One of the more important tasks assigned at the conference, the spread of employment by shortening the hours of labor, was taken up by a sub-committee of which Walter C. Teagle, president of the Standard Oil Company of New Jersey, was named chairman.

Swell L. Avery of Chicago, president of Montgomery Ward & Co., headed a sub-committee devoted to the stimulation of home improvement.

Temporary Foreclosure Moratorium.

A temporary moratorium on the foreclosure of home mortgages held by insolvent national banks was ordered by Comptroller J. W. Pole. His action followed a request made by the conference by Franklin W. Forte, chairman of the Home Loan Bank board.

"The home loan banks will be functioning by October 15," Forte declared. "They will help the home owners to refinance their property."

LOCALLY KNOWN WOMAN HONORED ON BIRTHDAY

On Friday evening, August 26 Mrs. Kathryn Johnson of Forresterville, and who is well known in this vicinity, graced the role of honor when relatives numbering twenty-eight gathered in her home for the purpose of assisting in celebrating her 80th birthday anniversary.

The occasion proved a complete surprise to the honored one, and after all had arrived and congratulations extended, they were served a delicious dinner at 6 o'clock. Tones of pink and white were used throughout in the menu and table appointments, the center of the main one being graced with a large birthday cake topped with 80 small pink glowing candles. Bouquets of the seasons choicest flowers decorated the room completing the arrangement.

A period of sociability followed and when the evening was at its height, Mrs. Johnson was again surprised when a number of beautiful and servicable gifts were presented her.

The guests included her children, grand-children and one great grand-child, little Donnie Kelley, son of Mr. and Mrs. Virgil Kelley of that place and formerly of New Castle.

Those attending from this city were the Rev. and Mrs. H. L. Johnson and family and Mr. and Mrs. C. E. Kennedy.

Badgers Observe Golden Anniversary

The golden wedding anniversary of Mr. and Mrs. Chester G. Badger, 740 Butler avenue was fittingly observed Friday August 26, at their home when they gathered at a reception from 2 to 4 o'clock in the afternoon and from 7 to 9 o'clock in the evening.

The rooms were beautifully decorated with bouquets of flowers, ferns and foliage, and the color tones of gold and white were carried out in all appointments.

The dining room table, centered with a large tiered wedding cake further expressed the prevailing color scheme topped with the letters "Fifty" in gold surmounted with small candles. Guests numbering approximately 150 shared this happy occasion.

In addition to the many floral tributes sent them by those unable to be present, messages and telegrams also played an important part in the day's schedule.

The bride prior to her marriage was Margaret C. Perry, of Cherry Township, daughter of the late James Perry of Butler county, and the groom was from Brady Township, son of the late William Badger. They were married at the Slippery Rock manse by Rev. Ewry.

Aides in serving were Miss Margaret Badger, Miss Henrietta Eakin of Butler, Grace Eakin and Agnes Wagner, Mrs. Paul Perry and Mrs. McCracken of New Castle.

Mr. and Mrs. Badger were the recipients of a collection of many magnificent gifts in memory of the day.

**RECEPTION HONORS
PASTOR AND WIFE**
As a courtesy to the Rev. and Mrs. John Slomp of Jackson Heights, L. I., who are visiting in this vicinity, Mr. and Mrs. B. French Johnson entertained at an informal reception in their home on Hillcrest avenue Friday evening.

The hours were spent socially, and in getting acquainted with their guests of honor. Who plan on leaving New Castle Tuesday morning.

Class Holds Outing
On Friday evening, members of Mrs. Swan's Sunday school class of the First Christian church gathered at the home of Mrs. Olive Hoover on Hemlock street and enjoyed a corn and wiener roast. Due to unfavorable weather condition, the menu was served inside at large tables, one seating the men and the other marking places for the ladies and kiddies in attendance. A special visitor was Miss LaVerne Has-son.

After partaking of a sumptuous menu, the hours were spent informally with music and chat, and other pastimes.

The committee in charge included Mrs. Alberta Leonhardt and Mrs. Haleck Hason. Activities were in progress at 8:15 o'clock and twenty gathered about the huge bonfire built for the occasion.

Girls Entertain Class
Miss Mabel Kegarise of English avenue and Anna Cifra of the Harbor entertained Tuesday evening at the home of the latter with the members and friends of the Chesapeake Climbers club of the New Bedford Methodist church.

The party was in the form of a treasure hunt, which proved most exciting and adventurous for the whole group. After the hidden treasure was found the guests were conducted to a large bonfire, where marshmallows and wieners were toasted at the open fire.

In the group were guests from New Castle, New Bedford, Pulaski, Struthers and Youngstown, O.

Independent Perdo Club
Mrs. L. O. Rowland of Shaw street entertained the members of the Independent Perdo Club in her home Thursday evening with pedro as the amusement of the evening.

Prizes were won by Mrs. Blanche Lewis, Mrs. Nettie Hill and Mrs. Belle Hopwood, with the guest prize going to Mrs. Jack Pitzer.

Mrs. John Kennehan, Mrs. Jack Pitzer and Mrs. Matthew Edell were special guests.

Miss Ruby Rowland assisted the hostess in serving refreshments.

Party For Team.
The Phillips home, 521 Waldo street, was the scene of an elaborate party Friday evening when "Peg" Phillips and Margaret Owens entertained a group in honor of the East New Castle baseball team.

Music, cards and dancing caused the evening hours to quickly pass, and it was late when the guests were invited to the basement of the home where a long table was arranged for 19, with garden flowers adding a touch of color to the setting. A delicious refreshments was served.

Auxiliary Plans.
The members of the American Legion Auxiliary to Perry S. Gaston Post 343 met in the Legion Home Friday evening for a regular session with Mrs. E. J. Suber giving a report of the recent convention held in Pittsburgh.

She reported that the local auxiliary had received a citation for meritorious work done the past year. Plans were made for entertaining the members at cards on Friday, September 2, with Mrs. Seth Teets, Mrs. Orville Potter, Mrs. William Runkle, Mrs. E. J. Suber, Mrs. Jack Wilson, Mrs. David Cox and Mrs. Lyle Wimer on the committees.

Plans for the annual corn roast were made and this event will take place Thursday, September 8 at the home of Mrs. David Cox, Butler avenue, with the hostess aided by Mrs. Orville Potter and Mrs. Phil Greer.

An invitation was accepted to attend the luncheon and round table to be held in the Legion Home at Greenville on Wednesday, August 31 given for the retiring and incoming officers of the district, by the district director, Mrs. C. V. Homer. Luncheon will be served between 11:30 and 1 p. m. and reservations will be made with Mrs. E. J. Suber.

Refreshments concluded the session Friday evening, served by Mesdames Wilson, Reynolds and Suber.

Party For Members
At the meeting of the Review 98 of the Women's Benefit Association held Friday evening in the I. O. O. F. Hall plans were made for a card party on September 9.

When the regular meeting of the lodge was over Friday evening, a birthday party was held for those members whose birthdays fall in August. A large birthday cake was placed in the center of the table, which was arranged with pink and green appointments for the party, and was cut by Margaret Fray. The prize of the evening was won by Mrs. Helen Ray.

Cards formed the amusement of the remaining hours.

Moontlight 500 Club Outing
The Moontlight 500 Club members and their families numbering thirty gathered at Reibers Camp one mile from Lakewood Friday evening and enjoyed a corn roast and hamburger fry. Games and weird stories featured the early hours with all assembled about a huge bon fire where the menu was prepared. After the serving, the guests departed voting the occasion most enjoyable.

Special guests included Mr. and Mrs. J. Bernard and family, Mr. and Mrs. D. R. Atwell and family, Alice Hoover, Barbara Bernard and Merrel Black.

Hamill Reunion Planned
The 17th annual Hamill reunion will be held on September 3 at the home of Mr. and Mrs. Burton A. Hamill, 401 McClain avenue, this city. The committees in charge are as follows: sports, Jerry Hamill, Russell Miles and Thos. McClurg; booster, Herman Hamill, Lawrence Sumner, Clarence Hamill; supply, Burton Hamill and Thomas Hamill; table, Mrs. Edna Claus; chairman, Mrs. Amanda Hamill; Mrs. Selma Hamill and Mrs. Mildred Hamill.

Relief Corps Dinner
The members of the Women's Relief corps will have a six o'clock tureen dinner Tuesday, August 30, in the home of Mrs. Anna Nolte, Cumberland avenue, at which time the veterans of the Civil War, their wives and widows will be special guests.

E. T. W. KENSINGTON GATHERS AT LAKEWOOD

Associates of the E. T. W. Kensington entertained at a corn roast Friday evening at Lakewood, having as special guests their husbands. The hours were devoted to horseshoe pitching, games and in watching the dancers at the pavilion.

At an appropriate time the feast was served to 25 by the committee in charge comprising Mrs. Harry Donaldson, chairman; Mrs. John Wallace, Mrs. Fenton Birchfield, Mrs. T. Lindsay and Mrs. C. L. Snyder.

Plans for the regular meeting to be held in September will be announced later.

Party At Lakewood
Mrs. Helen Rowland and Miss Pauline Rowland entertained a group of friends Thursday evening at a wiener roast at Lakewood Beach and the evening was pleasantly spent in dancing and games.

The group included Francis Hampton, Pauline Hampton, Blanche Hampton, Clifford Bunney, Charles McCluskey, Jennie and Milly Mich-lich and Jean Riley of Ellwood City; Jessie Morrison, Bob Allen and Ralph Jones of Beaver Falls; Bob Erwin, Dave Fuller and Homer Rowland of New Castle.

Returns From Abroad
Miss Mary Shaffer who has been abroad during the greater part of the summer months, is at home with her mother, Mrs. Jennie Shaffer, 813 Butler avenue where she will remain for a period of two weeks before going on to Camden, New Jersey where she will teach domestic science in the Junior high school.

She was a former instructress in the George Washington Junior high school here.

**Girl Scouts To

SOME THINGS WE HAVE

Here are some facts about the wealth and the resources of the people of the United States that ought to bid us take courage:

We have 52,000,000 savings deposit accounts with over \$29,000,000,000 in the banks to their credit. In the mutual savings banks of the country deposits are \$1,233,000,000 in excess of what they were in the height of boom times.

There are 68,000,000 insurance policy holders insured for more than \$110,000,000,000, or almost seven times the amount in force in 1910. More than \$16,500,000,000 new life insurance was written in the depression year 1931.

Bank clearings for the United States in 1931 were \$462,000,000,000, while in 1910 they were \$168,000,000,000.

As a nation we hold more of the world's monetary gold than ever has been assembled in any one country. We have about \$4,000,000,000 of the yellow metal.

The assessed value of property in 1930 was nearly \$167,000,000,000; in 1910 it was \$59,500,000,000.

The wealth of the United States, estimated now at \$300,000,000,000, is about double the amount recorded in 1910, while our population increased during this period by only one-third.

We spent for public schools in the United States in 1930, \$2,305,000,000 and in 1910, \$426,250,000.

The automatic machine for home refrigeration has been perfected since 1925. In the three years of the depression approximately 3,750,000 mechanical refrigerators have been purchased at an estimated cost of \$2,000,000,000, while more than 16,000,000 radios are now owned in the United States.

Our exports today are far in excess of our exports prior to the World War. While the United States leads the world in foreign trade, it is true that 90 per cent of our business is done with and among our 125,000,000 people. This is the greatest present and potential market for our products.

SUPPOSE THEY REALLY TELL HIM

It is announced from Democratic headquarters that Governor Roosevelt will visit 21 states on a campaign tour, not so much to make speeches as to "find out what the people want." Suppose the people tell him they want to know what plan he has for employment aside from planting trees? Suppose they tell him they want to know how he figures it out that our tariffs can be so adjusted as to maintain American wages and standards of living and at the same time to admit into our markets 75% more foreign products than now come in? Suppose they tell him they want to know how his ruling mate can be conservative enough to suit John J. Raskob and radical enough to please Senator Norris? If the people really tell the governor what they want he will learn a lot of things.

MIXING THE ROOSEVELTS

A few days ago Paul Bellamy of Rapid City S. D., president of the Black Hills Transportation Company, related an interesting experience. He was riding on a train and fell into conversation with a man who told him he was going to vote for Franklin D. Roosevelt, that he would "like to see a son of T. R. in the White House". When Mr. Bellamy told the man Franklin D. was not a son of T.R., but only a remote relative, he refused to believe him.

The incident impressed Mr. Bellamy so strongly that he made a canvass of the passengers in his car and found that more than half of the men and women in it believed that the Democratic nominee is a son of Theodore Roosevelt!

What irony it is that the name of a great Republican leader should become a menacing Republican liability!

FARMS WITHOUT HOG OR HEN

The Tompkinsville News is startled at the economic condition of a large percentage of the farmers of Kentucky who applied for federal feed and seed loans this spring, and not without reason.

That 377 of the first 1,000 applicants had only one mule, or no mule at all, says the News, might be due to adverse circumstances beyond the farmers' control, but that 101 of them possessed not a single chicken seems inexcusable. Surely, adds the editor, "not one in ten has been so destitute that he could not keep one hen through the winter to raise two or three broods this summer. It would not take many seasons for a pair of chickens to grow into a flock."

It is a sorry farm and a sorry farmer that have not a single hen to produce eggs and fryers for the market and for home consumption. But what is even more astonishing is the fact that 478 of these thousand applicants owned not a single hog. Even if hogs have been bringing a very low price up to this month, the practice still is widespread—almost universal in Kentucky—of killing hogs on the farm and smoking the family's winter meat supply. The News speaks of a farmer recently buying a pig for a quarter. Yet, only eighty-two of these thousand applicants owned more than ten hogs.

"One cannot help thinking," concludes the News, "that many of those who applied for feed and seed loans were driven to that extremity by their own sorry indifference."

Obviously, the College of Agriculture and the county agents everywhere should not let up on their educational efforts and endeavor to impress it upon every farmer in the state that the cow, the sow and the hen are the foundations of agricultural prosperity.—Louisville Courier-Journal.

July Leads As Birthday Month

By ARTHUR C. WIMER
Special Washington Correspondent of
The New Castle News

WASHINGTON, D. C., Aug. 27.—More natives of Pennsylvania celebrate birthdays in July than in any other month of the year, it would appear from a survey just completed by the Bureau of the Census.

Using the year of 1929 as the most recent period for which the most complete statistics of births were available, the Bureau made a study of births, month by month, in every state in the Union. The study revealed that in Pennsylvania there were more babies born in July than in any other month of the year. Similarly, in the country as a whole, more births occurred in July than in any other month.

February is the least favored month for birthdays in Pennsylvania, it would seem. Fewer babies were born in that month than in any other. In the country as a unit, February likewise marked the fewest births.

Births in Pennsylvania in July, the most favored month, totaled 17,071, as against 14, 577 in February, the least favored month. Boy babies outnumbered girl babies in both months.

In Ohio, July marked the greatest number of births and October the fewest.

Saving Money
Carnegie's Extraordinary Remark
Do You Agree?

By MARSHALL MASLIN
Eighteen words I cannot get through my understanding: "The man who cannot and does not save money, cannot and will not do anything else worth while."

Andrew Carnegie, who could and did save money, said those words. He knew the power of money. He had the knack of saving some and making more and compelling it to do tricks for him. Tricks like multiplying its own power and increasing its own numbers. But I think his own money hypnotized Andrew Carnegie into making that curious statement.

I think it's wisdom to save money. In this perilous world, money's a parachute you may need when you least expect. You must save money if you can, for emergencies, for yourself or for your family. Anybody will admit that.

But I can't understand that second part of Andrew Carnegie's statement. I'm positive his arrogant gold pieces spoke for him then when he said the man who cannot and does not save money CANNOT AND WILL NOT DO ANYTHING ELSE WORTH WHILE.

I know there have been great men who could and did save money. Washington could and did. And Lincoln, too. But what of the poets, the artists, the novelists, the composers, the doctors, the scientists and all the great sacrificers who did not know money when they saw it and whose eyes were so dazzled by their great dreams that the shine of gold meant less than nothing to them?

Did they do anything else worth great poems, painting great pictures, increasing the power and security of men, losing their lives for a cause they deemed more precious than "anything else" even money? Did not these things to be weighed in the balance against saving money? Did the canny Andrew mean that since few of us will ever do anything great, anything worth while, as he saw it, we might as well be saving our money, and keeping ourselves off the shoulders of our more careful kin and out of the poor house?

Well, maybe. But if that's what he meant he should have said so in many words. And since he did not say that, I hardly think that's what he meant. He meant that HE thought that if a man couldn't save money he couldn't do anything else worth while and he might as well not be on earth.

But there's no law compelling you to agree.

P. S. I can't save money.

Asa Forbes, a newspaper vendor residing in Colorado Springs, lost faith in savings banks when he read about the numerous bank failures of the past few years. So he decided to hoard his pennies. Recently, however, his faith in banks was restored after he had read of nationwide efforts to aid the stability of banks.

As a result he appeared one day recently at a local savings bank in his home city with a wheelbarrow, in which he wheeled three heavy baskets, up to the teller's cage. He deposited the contents of the baskets, 40,000 pennies, in his savings account.

THE MISSING LUXURIES

We sit and fret and whine and fuss over comforts now denied to us. All joys, beyond the slightest doubt, our parents had to do without.

At worst, the life we live is rich compared with the conditions which our fathers and our mothers knew in Eighteen Hundred Ninety-Two.

Although a small boy then was I can recall that cake and pie were treats not regularly served. Except when birthdays were observed.

No motor car, no telephone. Was by our kindly parents known. They were content the cold to brave. With just the heat one coal stove gave.

My mother laughed and sang and made a happy home wherein we played. Though times were then exceeding bad. And little money father had.

So when I hear men fret and fume And walk the town to scatter gloom, "The things you miss," I want to shout.

Entering the showroom, he walked up to the young woman, at the information desk and asked to see the manager. Eyeing Mr. Lambert's fish-stained clothing, the young woman asked, just a little tartly: "Did you wish to see him about employment?"

"No, I don't think so," he replied. "What WAS it you wished to see him about?" she inquired in a manner suggesting a lawyer questioning a witness. "Well, remarked the buyer, "I thought he might be interested in selling me an automobile, but don't bother." And impulsively he started for the door. Instantly the young woman's attitude changed. But her change in attitude came too late. She had sold an automobile—for another dealer.

Journey Into Stratosphere Stirs Hope For New Air Lanes

Piccard's Investigation Of Cosmic Rays Also Arouses Speculation As To Powerful Force

While Auguste Piccard's record-breaking journey into the stratosphere to a height of more than ten miles takes rank as a spectacular and courageous adventure, it is also welcomed as a contribution to scientific research. There is much discussion of cosmic rays as a mysterious force and speculation upon the possibilities of the upper air as a medium of aerial transportation.

It is pointed out by the SAN ANTONIO EXPRESS that "Prof. Piccard's achievements have given him foremost rank, both as a scientist and as an aeronaut." "Prof. Piccard," the paper adds, "is a 'native of Switzerland,' a research worker in Brussels university's Polytechnic Institute, has been seeking fresh data on the origin of cosmic rays, discovered by Dr. Robert A. Millikan of California Institute of Technology. Of the details of the present 'experiment,' The Express states: 'Prof. Piccard and an aide, Max Cosyn, have set an altitude record for all aircraft by taking a hydrogen-filled balloon up 16,500 meters (54,134 feet) above sea-level. In a specially-designed gondola weighing 1,750 pounds, which was attached to a silken flag inflated with 500,000 cubic feet of the lightest gas known, those aeronauts started upon the voyage into the stratosphere from Dübendorf airdrome in northern Switzerland early last Thursday morning, and rapidly ascending before a strong wind, to the east, the balloon passed over the Rhine's headwaters and crossed the Engadine region—just north of the Swiss-Italian frontier—at a record-breaking height."

Stating that "it is only 240,000 feet from the earth to the moon," the PORT HURON TIMES HERALD suggests that, in view of Jules Verne's imagination, and the thoughts of others, humorous questions of the journey to "this satellite of ours" may be taken with the thought that "it is just possible that the first ten miles—which represent the task of getting started—are the hardest." The BOSTON TRANSCRIPT, however, feels that "the dream that a way will be found to sail to the moon or Mars seems, in the light of man's greatest achievements so far, to be beyond any possibility of fulfillment." That paper continues: "If there be Martians and super-Martians in the spacious firmament around us, none has been able to leave his own celestial abode to visit this grain of sand which we call the earth. The ruined archangel imagined by Milton dropped from the zenith like a fallen star, or wandered through space ungoverned by those forces of attraction and repulsion which we disobey at our peril. And even if we become as unsubstantial as they, we may not enjoy their long flight from star to star, but find ourselves imprisoned in the viewless winds, and blown with restless violence round about the pendent world, still chained to our parent orb by the same power that in some mysterious fashion rules all creation."

It is said that one of the more practical results of the study of the stratosphere may be swifter flights across the oceans in planes designed especially for flights at the 10-mile level," says the OAKLAND TRIBUNE. The NEWARK EVENING NEWS sees the flight as having two aspects. That paper, referring to the scientific conclusion that "the cosmic ray is the mighty force of the universe," points out that in the stratosphere "it may be studied and measured, to increase man's knowledge of life and forces which surround him, and as to the second aspect it concludes: "And there is suggestion of more immediate and practical benefits in Prof. Piccard's declaration that the stratosphere is the only practical element for long-distance aviation."

It is noted by the DAYTON DAILY NEWS that a German saving bank "has just succeeded in sending a balloon to the altitude of nearly 17½ miles," but "there were no passengers aboard this craft, and it is doubtful that man will soon reach such unprecedented height." The Daily News adds that the current findings on cosmic rays will interest science, and that "ultimate use may be made of the results of the experiment, the INDIANAPOLIS NEWS comments: "Immediate lack of applicability means nothing. When Roentgen discovered the X-ray, laymen did not foresee it as the basis of a remarkable advance in medicine and as the precursor of radio, which was employed by Piccard to send messages from the skies in his epochal journey. By demonstrating that one may survive in the stratosphere, if properly safeguarded, the daring Belgian may have helped to give eventual substance to the dream of engineers that planes can be fitted to speed through it at a thousand miles an hour."

"What the scientific significance of this journey is remains undetermined," according to the ATLANTA JOURNAL. "After all, his altitude exceeded only by some three thousand feet the first effort, and it is not likely that three thousand feet in the stratosphere will reveal an overwhelmingly startling new set of facts; certainly not of the type that will be understandable to the average person. He talks casually now of repeating his exploit over the North Pole, and there will be few to doubt that he can repeat it when and where he will. Presently he may become mayor and first citizen of the stratosphere, and honor our dull earth with but occasional visits in his queer little space-scouring balloon."

Internal Dissension Believed To Preclude Any Upheaval By Communists In China

By MRS. PEARL S. BUCK

Internal dissension within the Communist movement in China, which has split the extreme radical party into many opposing groups, as well as the lack of an economic situation that would lead to political extremes, makes it highly doubtful that there ever will be a duplication of the Russian upheaval, in the largest nation of the Far East.

The situation in China has always been fundamentally different from that in Russia because in China there is a great deal of individual liberty, and land holdings, for the most part, are not in the hands of great landlords, just as there are few very large industries.

I do not believe that the Communist movement in China is similar to the Communist movement in Russia. I think the causes of communism in China are economic first and political secondly, and when these two causes are taken away, I doubt whether the growth of the movement will be very great.

For these reasons I believe that some of the motives for the revolution in Russia are lacking in China. Even if the Communists should gain control in China that I think probable, I doubt whether there would be the organized taking over of the nation that we have seen in Russia, since the Communist movement in China is itself broken up into many groups and there is considerable dissension in the party.

It has not been possible for white people to live inside Communist territory and no one outside knows how well organized the Communists are or what their prospects are.

The influence of western civilization on China largely has been overestimated. In the Great China, which numbers its population in the millions, the old life goes on, only superficially moved by the currents which one sees swirling through the faint influence and a few thousand miles away one has scarcely ever heard of it.

PUBLIC INVITED TO ATTEND MEETING

CAMERON-RALSTON

At this opportune time, now that the position on prohibition of both political parties and their nominees for President of the United States is known, arrangements have been completed for an open forum discussion of Prohibition under the auspices of the New Castle Allied Youth group. The meeting will be held Sunday evening, August 28, in the First Christian church, with Wilbur Flannery presiding.

While this meeting has been designed particularly for the young people, everyone is invited to attend, both opponents and proponents of Prohibition. Cameron Ralston, a specialist in open forum discussions on prohibition with young people, will be the speaker and will lead the discussion.

He is a young man; National Field Secretary of the American Business Men's Prohibition Foundation and executive secretary of the Chicago Committee of One Hundred which caught Al Capone and challenged the political corruption and graft of Chicago. He is also executive secretary of the Saracens, a new day group organized to oppose the Crusaders. He was one of the 2,000 Seafarers who went to the front in the World War, only 17 of whom came back. He was sent to America to teach the American soldiers how to use the gas mask and enlisted in the 29th Division of the United States forces. He is a member of the American Legion and Veterans of Foreign Wars.

Mr. Ralston is open, frank, and fair in his discussion of prohibition. Those who attend will enjoy a rare privilege.

Rev. J. Finkbeiner Returns To Pulpit

After an absence of three months, due to illness, Rev. John Finkbeiner will occupy the pulpit of the Emmanuel Evangelical church, South Jefferson street, Sunday.

He has chosen as his theme for the sermon at 10:45 a. m. "The Greatness of God and His Wonderful Works," which will be in German.

The 7:30 p. m. service will be in the nature of graduating exercises for the graduating class of the catechetical students.

Railroad Bridge Damaged By Fire Near Pittsburgh

(International News Service) PITTSBURGH, Aug. 27—Live coals falling from a passing freight train today were believed responsible for a fire which partially destroyed a bridge of the Baltimore and Ohio railroad over the Allegheny river here last night.

Twelve fire companies battled the flames as they continually threatened oil storage tanks of the Standard Oil Company, directly below, and the Pennsylvania Lubricating Company.

The Central Presbyterian church on the public square has been taken over by the congregation of the Gospel Tabernacle of the Christian and Missionary Alliance for Sunday evening and at 7:45 Rev. C. S. Westover will conduct the services which will be in the nature of a farewell for Misses Sallie Botham and Cecelia Lewis, who will return to West French Africa, sailing from New York on September 29.

A feature of the service will be the demonstration of the workers as to how they go about their work in darkest Africa.

Committee Has Selected Site

Tabernacle For City-Wide Revival Will Be Built On Carnegie Grounds Soon

The executive committee of the City-wide religious revival campaign will open headquarters in the very near future at 123 North Mill street, for the purpose of completing all details for the project, which will open September 18, on the same date as the Bible Sunday campaign opened in 1910.

A tabernacle, which is being loaned by Evangelist Percy James of Youngstown, Ohio, will be erected on the Carnegie grounds, South Mill street, and here the meetings will be held.

The committee will need some furnishings for the headquarters and if any one has a 9x12 rug they wish to loan for this worthy purpose, if they will call the Ramsey store, phone 4200, it will be called for.

Evangelist Percy James, who is now conducting services in Youngstown, Ohio, will be the speaker at the weekly service, which will be held Monday evening at 7:45 in the First Baptist church.

Rev. Carl Gustafson To Tell Of Hindus

Missionary Worker Of India Will Speak Sunday Night In First Church

Sunday evening in the First Presbyterian church a returned missionary family will show the life of the Hindu, Rev. Carl Gustafson, his wife and children will dress in native costumes and give a vivid impression of the life of these people and tell of the mission work that is being done in India.

Mr. Gustafson will give a frank discussion of the religious faith and the peculiar work of Mahatma Gandhi. There has arisen in this generation no more interesting character than this old Hindu.

Mr. and Mrs. Gustafson are natives of New Castle and during the past seven years they have been in the foreign field they have been supported by two men's Bible classes of the First Presbyterian church, the McKinney class and the Look-out class.

All Christian people of New Castle are invited to enjoy this hour with the congregation of the church.

Young People Will Entertain Ministers

The Lawrence County Young People's Council will entertain the ministers of the county at an outing Friday, September 9 at the Boy Scout Camp, Kennedy's Mill from 4 to 9 p. m. E. S. T.

The purpose of the outing is to get the ministers acquainted with the young people of the county. The young people will furnish the dinner and the entertainment and there will be discussion of young people's work and plans for the year.

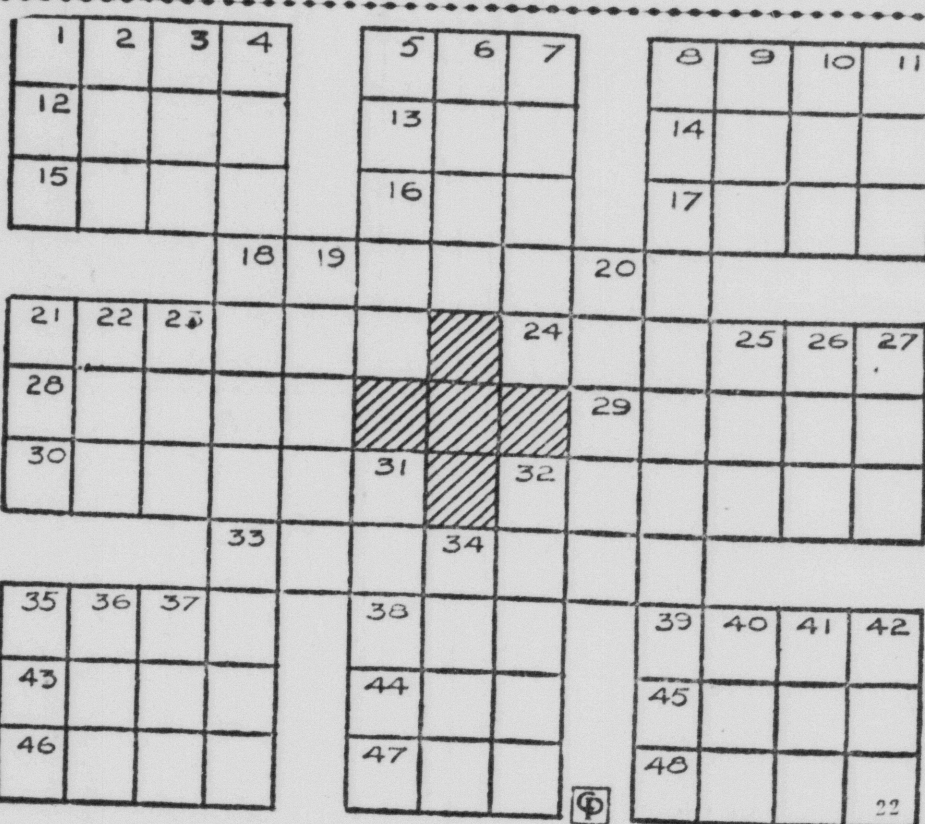

At 5 o'clock there will be a mush ball game between the ministers and the young people.

GOSPEL TENT MEETINGS SUNDAY The Gospel Tent services on Neshannock avenue are attracting large crowds each evening as Rev. James P. Eppes of Buffalo, N. Y., delivers stirring sermons.

Sunday at 3 p. m. he will speak on "The Conflicts of the Church," and his evening sermon will deal with the answer to unanswered prayer.

There will be no morning service.

Escaping Ammonia Chases Hundreds From Their Homes

Pittsburgh Ice Company Coils Break And Ammonia Fumes Fill Neighborhood

(International News Service) PITTSBURGH, Aug. 27—Officials of the Consolidated Ice Company today sought to locate a break in a coil pipe, which permitted ammonia gas to escape and drive hundreds of persons from their homes here last night.

As the fumes were blown about in the night breezes, homes were deserted for several blocks in the vicinity of the factory. Firemen, equipped with gas masks, managed to stop the flow of gas by shutting off the valves.

NEW YORK, Aug. 27.—Rushing along at the rate of more than 1,000,000 shares an hour, the stock market swept forward 1 to 5 points to new highs on the recovery and then gave up part of its gains at the close.

Utilities were the bright spot of the short session, spurring 1 to 5 points in heavy dealings and closing near the top. Coppers were strong and old steady. Merchandising shares were higher with R. H. Macy gaining more than 2 points.

Leading stocks were mixed. U. S. Steel closed with a slight gain while American Telephone lost a point.

Motors were unsettled by a 4-point break in Auburn. Rails were backward on the increase of 6,000 cars in loadings. Wall Street had been anticipating a bigger gain.

Police Phones For
Police Purposes
Only—Chief Haven

Use For Purposes Of Others Is
Now Barred By Chief
Of Police

Use of telephones in the office of the chief of police or sergeant's office for other than actual business of the police department is no longer permitted, it was announced this morning by Chief Haven.

The phones must be kept open for police calls in or going out, especially in such cases as that of the shooting on the public square Thursday or of like serious nature.

On last Thursday, according to the chief, both lines were tied up for nearly an hour by persons on private business and it greatly interfered with the business of the department relative to the Melnyk case.

Landlord's Sale
Is Basis Of Suit

Claimed It Was Made By Constable C. W. Ricer Without Authority

Mary and Joseph Pogozlec of Wayne township, have filed a suit at the county prothonotary's office against Clark W. Ricer, an Ellwood City constable to recover \$2,230 by reason of a sale which the constable made on a landlord's warrant.

It is alleged that on May 16, 1932, Ricer distrained and levied upon the goods of Pogozlec, upon the pretended authority of a landlord's warrant, purporting to have been issued by Sarah Lotter, of her agent, Paul Albino.

Part of the goods were sold on May 31. It is now claimed that the sale was not legally authorized by Sarah Lotter, and that Paul Albino had no authority.

It is also contended that Ricer, with Constable George Burrows, also of Ellwood, made a search of the Pogozlec house at the time of the levy and that this search was without authority.

The present Ellwood squad numbers 67. Besides the 59 properly equipped members, eight others have been reporting daily in old clothes for the conditioning exercises.

Until Wednesday of next week the local coaches will be assisted by some of their former teammates at Duquesne. Benny Ciccone, former New Castle High star and now varsity center for the Bluff school was present yesterday afternoon to aid Coaches Benedict and Ferrare. He gave the center candidates some invaluable points. Another New Castle star and Duquesne man, Nick DiCarbo accompanied Ciccone to this city this morning to aid in the work-outs. They remained for the afternoon session also. DiCarbo is a varsity guard for the Layden men. Both men are scheduled to leave for grid camp next Wednesday.

After the routine of conditioning exercises yesterday afternoon, the backfield candidates practiced the Notre Dame shift as instructed by Coach Benedict. Assistant Coach Ferrare and Ciccone worked out with the linemen. The squad will receive a few signals and plays early next week to prepare them for the scrimmages. There are still two or three veterans from last year who have not reported for duty yet. In this group is Joe Welsh, star tackle.

ELLWOOD CITY, Aug. 27.—The annual Beaver Valley Presbytery picnic at Edgewood last evening was well attended. There were about 200 that participated in the evening's program. Seventeen of these were from Ellwood and Wurttemberg.

In the program was included a mullsbull game for the boys, a treasure hunt for all, and various games and contests. The Ambridge and New Castle groups, in attendance were awarded the prizes for traveling the longest distance and having the largest representation present respectively. Later in the evening a social time was enjoyed. Various talks were heard of the recent National Young People's convention held in New York. Some trophies won by the groups present, were displayed at the time. This was followed by a devotional period and singing.

The committee in charge of the affair composed of Melvin Brewer of Rochester, chairman; Miss Grace Harbison of Ellwood City and Miss Ruth Steward, College Hill, Beaver Falls, were well commended for their efforts in making the affair a success at the close of the evening's program.

ELLWOOD CITY, Aug. 27.—The regular meeting of the Ladies of the G. A. R. took place last night in the K. of P. hall on Fourth street with a good attendance present. Following the customary business meeting an interesting period of games and contests was enjoyed.

The prizes as a result were won by Mrs. Della Green, Bert Lee, Mrs. Minnie Moorehead and Mrs. Anna Long. Lunch was served at a later hour by Mrs. Moorehead and Carrie Aiken.

The committee in charge of arrangements for the evening was composed of Amanda Duncan and Lulu Koach. The next meeting of the organization will take place on the fourth Friday in September.

ELLWOOD CITY, Aug. 27.—Foremen of the local National Tube company are holding their annual outing this afternoon at Edgewood grove on the New Brighton road. A fine program of sports, eats and an entertainment has been arranged for the day. Various committees have been selected to see to the success of the affair. John B. Brunot is the general chairman for the occasion. A tempting dinner is scheduled to be served at 5:30 which will be followed by a number of sports.

The club's first event scheduled for the year 1932-33.

ELLWOOD CITY, Aug. 27.—Prof. Morrison Bradley of California, Pa. has been engaged as principal at the North Star school in Franklin township on the Ellwood-Zelenople road, east of this city, and will begin his duties there on Tuesday morning, September 6. He will be assisted by seven teachers, who with one exception were

The evening service will have as speakers Rev. Stephen Gazsi, New Brunswick, N. J., and Rev. Chas. Gruber, Budapest, Hungary.

Pittsburgh Has Bomb Explosion

Building Wrecked To Extent Of \$12,000 By Bombing Outrage In Early Hours

(International News Service) PITTSBURGH, Aug. 27.—The frequent crack of bombs, that has caused considerable property damage in this vicinity recently, broke the quiet of early morning today and were broken by a powerful explosion.

Two fire captains were injured during their fight to save five other buildings threatened by the blaze. The three side walls and rear wall, all constructed of brick, were shattered by the detonation. Windows in some of the surrounding homes were broken.

Mrs. Z. Carrier, who lives on the second story of the building, which housed an upholstery shop, escaped without injury.

LOCKEYS TO PLAY

Lockeys and the Banners mullish team of Ellwood City will play an important game tonight at six o'clock at the Lehigh field. The Ellwoodians won from the Lockeys in a recent game at Ellwood and for that reason the locals are anxious to get back at them. A good game is expected.

Seek Owners Of Liquor Shipment

(International News Service) ERIE, Pa., Aug. 27.—Dry agents, seeking to determine the ownership of a \$12,000 cargo of liquor seized here today extended their probe to Scranton.

H. C. Woods, prohibition chief here, indicated that the arrests of two prominent men of Erie county may result from the probe in Scranton.

Girl Believed To Be Runaway Held By Local Police

Her Companion Is Discharged As There Is Nothing To Hold Him On

A girl giving the name of Ruth Daily, her age as eighteen and her home address as 4733 Hatfield street, Pittsburgh, taken into custody early this morning on the Youngstown hill, is being held by the police authorities as a suspected runaway, pending the securing of information through the Pittsburgh police department.

An officer was informed at two o'clock this morning that there was a girl sitting on the curb in the Youngstown hill district and securing a car, he went to investigate. He found the girl above, who said that a fellow had come with her from Pittsburgh and was sleeping in a trailer with a boat located near the Castle Bowl.

The officer investigated and also took this man, who gave the name of William Collier and claimed his home was wherever he was located. He stated that he had met the girl in the morning with another girl and it had been proposed to run away but the other girl had become angry and left them.

The man was discharged, while the girl is being held for investigation.

SEVENTH WARD NEWS

SEEK VETERANS LIST

No additional markers have been placed on the graves of Civil war veterans buried in Valley View cemetery since no record of the names of the veterans has yet been found. Although there is believed to be 22 veterans of the war buried there, only seven have been provided with the government markers. These are Theodore McWilliams, William P. Price, Milton Gaston, George Bender, Asel Shaffer, James A. Raney and Josiah M. Hennon.

The markers are provided free of charge.

BUILDING COURT

The huge Valley View tennis court, located on Sixth street, is practically complete. Most of the district, led by J. P. Morgan, have been working hard on the job for weeks and now are about finished with it perhaps the largest and best court in the city.

Wiring is up, posts painted and ground in excellent shape.

Expect 2,000 Will Attend Senior High

School Authorities Are Preparing For Record Enrollment Next Month

With the enrollment indicating 2000 pupils in the senior high school this term, Principal Frank L. Orth and Assistant Principal Miss Margaret Rhodes are busy this week making preparations for the influx of September 7.

Registrations are being received from pupils in the townships and instructions for teachers and pupils being prepared. By September 7 the school schedule will be ready and save for the usual first day excitement there seems to be nothing in the way of getting the school off to a well organized start.

A large number of post graduate pupils are expected to fall, due to the fact that jobs are scarce for graduates of last June and this with the normal increase will probably put the total to a point never reached before.

POLICE INVESTIGATE BAD CHECKS PASSED ON MERCHANTS HERE

Schmeling And Stribling Bout Being Arranged

Maxie Schmeling Will Get Another Shot At Stribling In Miami, Florida.

WOULD CARD BOUT FOR FEBRUARY DATE

By DAVIS J. WALSH
International News Service Sports Writer

NEW YORK, Aug. 27.—Arrangements have practically been made for Max Schmeling and Young Stribling to meet in Miami, Fla., during the last week in February, Joe Jacobs announced today, adding that both sides have agreed to the match. So apparently there is no hope of averting the consequences and, in the course of time, a very gripping encounter is bound to ensue. In fact, those who saw them fight 15 rounds in Cleveland for the championship can hardly wait. This time they'll fight 15 rounds for no reason at all, except that somebody has figured the gate will do \$200,000, and that's no morsel in haggard times like these.

Must Beat Walker
The match is contingent on Schmeling emerging triumphant, as we say down at the blacksmith's, from another gripping encounter he has scheduled with Mickey Walker next month. But, according to Mr. Jacobs, this is largely a formality. Although, of course, it can have no bearing on his remarks, I think it would be well to add that Mr. Jacobs is largely Schmeling's manager, having carte blanche in the matter of conducting his business. In fact, he is absolutely allowed to do whatever Schmeling tells him.

The ex-champion will arrive from Europe today, his first visit since the Sharkey disaster, and at that time Mr. Jacobs will have further revelations. He has been strangely silent of late, but can be depended upon to reach a number of important decisions just as soon as the fighter makes up his mind for him. Stribling, meantime, is out there in Australia, bowling over the humpy dumplings, and his mind is already made up. He has decided that \$200,000 is a lot of money, even if they don't get it.

Pirates Defeat Ramblers, 13-12

South Side Pirates baseball team handed the South Side Ramblers a 13 to 12 setback in a game at the Gaston park field Friday. The game was featured by the hitting of A. Phillips, J. Phillips and Kibish with doubles and by the pitching of Kibish and Phillips, who limited the Ramblers to nine hits.

Score by innings: R. H. E. Pirates.....21 150 111—13 12 1 Ramblers.....120 211 200—12 9 3 Batteries: Pirates, Kibish, J. Phillips and Boazza; Ramblers, Parou, Cabas, McGown, Malandro and Condras. Umpire—W Phillips.

DEWEY SLUGGERS AHEAD
Dewey Sluggers won from the Lorain Avenue A. C. in a game at Castle Field. The game was featured by heavy hitting on the part of both teams. The Lorains scored nine runs in the eighth inning, but could not win.

The H. C. L. club met at the home of Mr. and Mrs. J. W. McConnell Friday evening. Games and music were the entertainments of the evening and the guests returned home at a late hour reporting a fine time.

Mrs. J. H. Reed and Mrs. C. B. Wible of Pittsburgh were callers at the home of Mrs. E. B. Reed, Friday. Albert McConnell spent the week at Camp Phillips at Rose Point.

Ms. Elizabeth McConnell and daughter Belle of Volant and grandson, Harold McConnell of Wilkinsburg, were Saturday visitors at the home of Mrs. McConnell's son, J. W. McConnell.

Vera and Betty Scofield of Conneaut Lake are spending a few days with their friend, Louise McDowell. Marion and Mildred McConnell of Harlansburg have returned home after spending some time with their grandparents, Mr. and Mrs. J. M. McConnell.

Dorothy Morrow of Ellwood City has been spending several weeks at the home of Mr. and Mrs. John Barrow.

Mr. and Mrs. James N. McConnell and son Walter and Grace Kerr visited at the home of Mr. and Mrs. Hollis Johnson at Leesburg Station Sunday.

Mrs. E. B. Reed and daughter Hazel called on Mrs. Frances Wright at Mercer hospital Tuesday afternoon.

Mr. and Mrs. J. W. McConnell and family were week-end visitors at the home of W. E. Heasley in Pulaski. Harold McConnell of Wilkinsburg, who has been spending his vacation with friends and relatives of this place, has returned home.

Mr. and Mrs. K. N. Brenneman and son James of Harlansburg and Janet Brenneman of New Castle called at the home of Mr. and Mrs. C. E. Corman Wednesday evening. Carlom McConnell is on the sick list.

Mountain climbers and guides can describe trails that are hard to climb but none of them have a harder trail to travel than the athlete along the Come-back Trail. It is the longest and roughest in the world, crowded with pitfalls and obstacles. Only those who can endure heart-breaking agonies can make the grade but those who do clutch elusive fame. Many try the trail and almost all of them slip by the wayside. There are various reasons why former Greats attempt a Come-back. In most cases empty pocketbooks prove the incentive.

Names that were famous not so long ago have crept back into the sport pages in the past few months. Benny Leonard, Harry Wills, Buddy Ensor and Soldier Bartfield are a few. Retirement from their respective fields irked most of them and they believed they had enough of their former skill to successfully navigate the Come-back Trail. Of them all Leonard so far has proved one of the most successful. He has been wading against welterweights and may soon get a chance to meet the champion.

Buddy Ensor reached the top only to slip after he had obtained his ambition. A great jockey a few years ago he hit the downgrade and wound up without a license. Things went from bad to worse. His dough was gone and he couldn't get a job. His wife stepped in and made Buddy pull himself together. The great Ensor, who made the crowd roar with his spectacular rides, rode horses in morning workouts for a few dollars a day. The climb was hard and slow. Finally the New York Jockey Club recognized his work by granting him a license.

He rode like the Ensor of old. His brilliant riding captured the fancy of the race track patrons. One winner followed another and the track disciples were shouting his name to the skies. Then, something happened and Ensor hasn't been riding since. Another who tried to make the Comeback grade is Harry Wills. He won his first fight by a knockout. His opponent was a chap he wouldn't have formerly employed as a sparring partner, when he was

clamoring for a fight with Jack Dempsey. Sailor Bartfield will soon toss gloves in a Comeback Trail. In the olden days he held his own fairly well with such glove flingers as Benny Leonard, Mike Gibbons, the late Harry Greb, Jack Britton, Mike O'Dowd and others not yet forgotten.

On the Pacific coast they have a clouter in Freddie Muller, the young second baseman who has sent the ball a-flying for four bases 28 times. He is a member of the Seattle club of the Pacific Coast league. He has been with the Indians since 1928 when he broke in as a rookie at training camp. George Burns, ex-Cleveland Indian slugger, is pilot of the Seattle club. He changed Muller's stance. He straightened Muller up which eliminated the weaving that kept him off balance. Muller hits the team at 180 pounds and when he played second base last year he covered second. During 1931 Seattle set a world's record for double plays in one season. They made 239.

"You're out" was the shrill yell from behind the bat and upon investigation as West Warwick, R. I. the owner of the voice was found to be Mrs. Eva Madriar of Anthony who umpired a full game between two teams of that place. It was the first time a woman occupied a position as umpire in that section of Rhode Island.

Ahem. Here's a new punch in Flistania; that is, Hans Birkie, German heavyweight is reported to have one. It is called the Skyrocket punch developed to take place alongside the "Occipital" Jolt of Gumboldt Smith, "Mary Ann" of Frank Moran, "Corkscrew" of Kid McCoy and "Delayed punch" of George Chip.

For the boys now in training, here's Birkie's description of the punch he expects to make famous. "It is an upward uppercut delivered with a slight swing with all one's strength behind it." He discovered the punch, it is reported when he hit a training partner and the sparring mate, Ruby Winkler hit the floor.

Cubs Advancing Toward Pennant

Chicago Cubs Have Lead Of 6½ Games Over Brooklyn And Pittsburgh

PIRATES SMACK PHILLIES 8-0
By LES CONKLIN
International News Service Sports Writer
NEW YORK, Aug. 27.—The once formidable Brooklyn Dodgers pushed into St. Louis, like they had ridden across the continent in a rumble seat.

Reeling from three crushing defeats by the Cubs, and 6½ games behind Chicago in the National League pennant race, the Dodgers will do well to stay in front of the Pirates, only half a game behind them.

Lon Warneke, Chicago's young pitching star, chalked up his 19th victory and drove in his team's first two runs with a double. The final score was 10 to 4 and the victory practically assured the Cubs of the pennant.

Dizzy Dean of the Cardinals, the National League strikeout king, fanned five batters and yielded five hits in beating the Giants, 4 to 2, for the second time in three days.

PIRATES WIN
After seven straight defeats by the Phillies, the Pirates finally beat the Quakers 8 to 0 behind Chagnon's gilt-edged pitching.

Jimmy Foxx needs only 13 more homers to the Babe Ruth's home run record. Foxx poked No. 47 yesterday while the Babe hit his 37th. Al Simmons and Lefty Grove also hit homers as the Athletics shaded the Browns, 5 to 4.

Ruth's homer and Gehrig's 29th helped young Jimmy Allen gain a 4 to 2 decision over Cleveland for his eighth straight triumph and his third victory in a week's time.

The White Sox outbatted the Red Sox by 18 hits to 13. Berry and Fenwick and Rose hit a home run, while Fair, H. Lockley and Melder, Kaufman and Mauri posed triples. The Lockley team will oppose Baney of Ellwood on Lehigh field today.

Legion Of Honor Players Ready

Expect Some Close Matches To Result Under New Pairings

Some hot fought golf matches are expected to result when the Legion of Honor players meet at the Municipal Course on Monday evening.

Party lines have been swept aside as the men have been paired to meet players who shoot the same brand of golf, and if the men don't have a fight on their hands, it will not be the fault of Captains Allen and Swees.

The matches Monday evening will be in preparation for the tournament to be staged during the following week, when some real nice prizes will be distributed to the winners.

Crisis Victors In 12-Inning Game

Crisis mullball team handed the Pump Stations a defeat 10 to 9 in a hard fought 12-inning mullball game at Castle Field last evening. The game was featured by the home run hitting of "Frub" Crisic, G. Kneram, Colalucia, Book and Rubels, and of DeMarco of the Pump Stations. Two base hits were made by Gentile, Rubels, Martin, Isabella, and Aven.

Monday night the Crisis and Durants will play Castle Field in the first game of the independent series for the title. The game will start 6:30 o'clock.

Score by innings: Pump Sta.....300 300 021 000—9 Crisis.....013 010 013 001—10 Batteries: Pump Stations, Wymann and J. Greene. Crisis: Rubels and Aven; Umpires: Kneram and Sacco.

Polish Falcons Trim News Slugs

Polish Falcons won from The News Slugs, 14 to 9, in mullball on the church field yesterday. A total of 28 hits were made off Koltz and M. Kolodjeski. Ostrowski, M. Mihalie, A. Mihalie and Dudek hit home runs.

Score by innings: R. H. E. News Slugs.....100 230 012—9 12 2 Falcons.....501 031 04x—14 16 2 Batteries: News Slugs, Koltz and Carro; Falcons, Kolodjeski and Smith. Umpires: Gierlach and McChesney.

Twilight Game Is Set For Tuesday

West Pittsburgh and Hillsville will play the second game of their series for the American division Twilight League title at the Hillsville field Tuesday evening. The fact that it was announced today by Patsy Conti, manager of the Hillsville team, Conti feels that the series will end at Hillsville, as his team already holds one victory.

The teams were rained out last night in their scheduled game.

PEOPLES WIN FROM CASCADE

Peoples A. C. defeated Cascade A. C., 2 to 1, on Cascade field yesterday. Peoples got their two runs in the second and Cascade fell shy of deadlocking the score in the seventh inning. Wrona hit a double.

Score by innings: R. H. E. Peoples A. C.....020 000 x—2 8 2 Cascade.....000 000 1—1 4 1 Batteries: Peoples A. C., Balla and Wrona; Cascade, N. Boston and Miles. Umpire: Sammy.

SPORTS TODAY

Lawrence County Baseball League.
West Side Tigers at Brent. Independent Games.

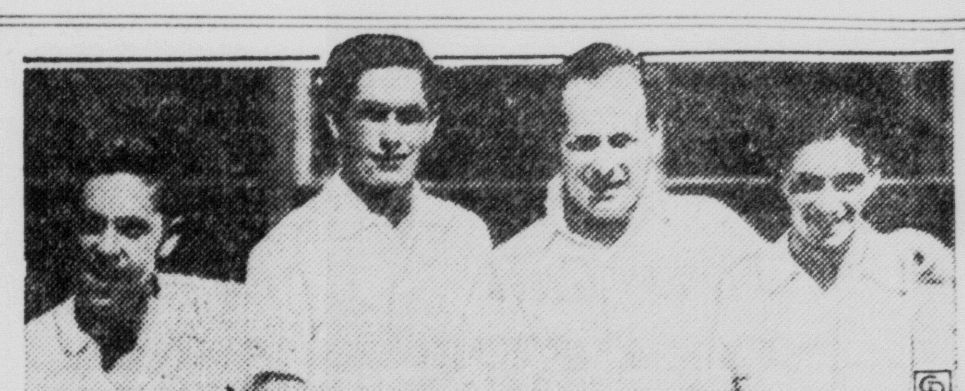

Scarrazos vs Monarchs at 2 p. m. D. S. T. and Scarrazos vs Oil City in second game at Centennial field.

DIAMOND A. C. WINS
Diamond A. C. baseball team handed the Hazel Midgets a 12 to 7 setback in a game at Castle Field. McGary won his fifth game of the year, but was relieved by Dufford. Bill McGary featured the game with a home run, double, and single. The Diamond team was minus the services of Jimmy Rice, star center-fielder.

SAXON NINE WINS
Saxon Nine defeated the Padrice Sluggers 13 to 3 in a game at Elders Field. Tomasello the Saxon pitcher allowed only three hits. The Saxons would like to book games with all teams, not over 14 years of age. For games call 1101-M and ask for James Dart.

TIGERS ARE DOWNED
Newport A. C. defeated the Crescent Tigers of Wampum, 7 to 2, yesterday. Smoggers and Guy were the battery for Newport and Luton and Ferrucci for the Tigers. Newton, Beatrice, Binger, Shellatree and Lanigan got doubles for Newport.

RICKS GIRLS WIN
Rick's girls mullball team won their ninth straight game by defeating the Skinners in a 12 inning game 12 to 11.

DOUBLES STARS—Ed Fiebelman, J. K. Hess, left, Americans, defeat J. S. Ollif, E. R. Avary, England, in Longwood, Mass., tennis meet.

Homer Gray, middleweight boxer, is making quite a showing in baseball. He plays with the Grays and recently held Union Valley to three hits in addition to fanning seven, hitting a home run and a triple.

Coates, first baseman; McCormick, catcher; Cowmeadow, third baseman and Glasser, center fielder, had a good hand in helping the Tigers beat Scarrazos recently. Each had two hits and two runs.

With Nick Cangey of the Mahoning A. A. having expressed himself favorable toward a series with Scarrazos it is believed such a series would attract the fans.

Maxie Schmeling Will Land Today

Former Heavyweight Champion Coming Back To U. S. Mr. Jacobs Happy

By DAVIS J. WALSH
International News Service Sports Writer

NEW YORK, Aug. 27.—The "man whom nobody knows" is coming back to America today to be greeted by his legion of friends and gained by his many admirers who will put out to meet him in small boats and, with hoots and protests, convey the idea that, in spite of all his success, he may continue himself as one of them.

Centennials Trim Milton A. C. 7 To 1

Centennials topped the Milton A. C. 7 to 1 in a baseball game played at Elders Field. Kneram on the knoll for the Centennials allowed only two hits and fanned 13 men. He was master of the game throughout. The winners had eight hits off Fleming. Heavy hitting was done by Fleming, Henderson, and Bob Morgan. The Centennials had two big innings, the fifth and sixth when they tallied their seven runs.

Score by innings: R. H. E. Centennials.....000 034 0—7 8 2 Milton A. C.....000 100 0—1 2 2 Batteries: Milton A. C.—Fleming and Stutz. Centennials—Kneram and Wymann. Umpires—Granes and Marko.

Zelenople Tops Office Team, 8-7

Zelenople topped the New Castle Office team 8 to 7 in a well played Penn Power mullball league game at Zelenople last evening. Robinson pitched a fine brand of ball for the locals, but a few errors hurt the chances of winning. Home runs were hit by Davies, Serak, McGown, and Issett. VanDusen and Montgomery smacked out triples. Robinson fanned six men.

Score by innings: R. H. E. Zelenople.....310 120 1—8 10 4 New Castle.....210 110 2—7 10 5 Umpires—Strut and Parkinson.

Polish A. A. Wins From Cards, 8 To 2

Polish A. A. defeated the New Castle Cardinals, 8 to 2, on Glasser field yesterday. Lobazo and Liellwyn hit triples. Grimm fanned 10 and Peplski struck out nine.

Score by innings: R. H. E. Cardinals.....000 000 2—2 3 2 Polish A. A.....611 000 x—8 9 1 Batteries: Cardinals, Grimm and Bodenlofer; Polish A. A., Peplski and Gierlach. Umpires: Mrozek and Kriepa.

Gas And Water Men Play Ball

A baseball series which is attracting considerable interest was inaugurated last week when the employees of the City of New Castle Water Company and the Manufacturers Light and Heat Company locked horns in their first battle of the series.

The gas company men were victorious in the first clash by a score of 8-2, but the water workers claim that a different result will be told this week, when they assemble for their game Wednesday of next week.

The gas men got seven runs in the first inning but were held to one counter after that, and the Water Boys claim they are going to reverse things next week.

HIGHLIGHTS OF HISTORY

AFTER ARNOLD'S COLUMN HAD BEEN

DRIVEN BACK THE BRITISH CLOSED IN UPON THE HANDFUL OF MORGAN'S RIFLEMEN LEFT INSIDE THE WALLS OF QUEBEC.

CUT OFF FROM ESCAPE THE LITTLE PARTY WAS QUICKLY CAPTURED. MORGAN WAS THE LAST TO YIELD. PLACING HIS BACK TO A WALL, HE BOLDLY FACED THE CIRCLE OF RED COATS AND VALIANTLY DEFENDED HIMSELF WITH HIS SWORD.

TRUCK BY MORGAN'S VALOR, THE BRITISH HELD THEIR FIRE AND CALLED ON HIM TO SURRENDER.

MORGAN DEFIANTLY REPLIED THAT IF THEY WISHED HIS SWORD THEY WOULD HAVE TO COME AND TAKE IT!

MORGAN WOULD HAVE DIED FIGHTING HAD NOT A CHAPLAIN APPEARED AND PERSUADED THE AMERICAN TO YIELD HIS SWORD TO HIM.

Banking-Industrial Committee Formed To Stimulate Business

Will Seek To Carry Out Six-Point Program As Designed By Pres. Hoover

Problem Of Making Available Credit Useful To Business Men Will Be Taken Up

By PAUL C. YATES
International News Service Staff Correspondent

WASHINGTON, Aug. 27.—A central banking and industrial committee of 23 members was created at the president's business conference Friday to carry out a comprehensive six-point program designed to stimulate business and aid employment.

Selection of the committee followed a stirring address delivered by President Hoover to more than 200 business and industrial leaders of the nation he had called together here.

Suggestions Made
Declaring that the war against the economic situation is as real as that staged at "Chateau Thierry," in France during the World War, the President offered concrete suggestions for a coordinated effort by public and private agencies to meet the situation.

One of these suggestions was that employment be spread through shorter working hours thus creating more jobs for the workers. The President received an ovation after the close of his address. He remained at the conference two hours, listening to other speakers.

The new committee includes the 12 chairmen of the Regional Banking and Industrial committees, secretary of the treasury Owen D. Young, Eugene Meyer, governor of the federal reserve board, Governor Harrison of the New York Federal Reserve Bank, Henry M. Robinson, Los Angeles banker, Jackson E. Reynolds, of the First National Bank of

New York, A. W. Robertson of the Westinghouse Electric Co., Pittsburgh.

Atlee Pomerene, chairman, reconstruction finance corp., C. H. Miller, president of the R. F. C., Franklin W. Fort, chairman, Home Loan Bank Board and Robert F. Lamont, president of the American Iron and Steel Institute and formerly secretary of commerce.

Will Aid Business
An executive committee of the central committee was provided. It will include any three chairmen of the regional committees together with the secretary of the treasury and the secretary of commerce.

Harrison, Meyer, Pomerene and Miller will serve as ex-officio members of the executive committee. Sub-committees were created dealing with the following subjects:

"The problem of making available credit affirmatively useful to business, chairman, Owen D. Young."

"Increase employment on railroads and stimulation of industry through the expansion of maintenance equipment and purchase of new equipment in cooperation with the interstate commerce commission and the R. F. C. chairman, Daniel Willard, president of the Baltimore and Ohio Railroad."

"Expansion of capital expenditures by industry, through replacement of obsolete and worn out equipment and through other methods, chairman, Henry M. Robinson."

"Increased employment through sharing work movement, chairman, Walter C. Teague, president of the Standard Oil Co. of New Jersey."

"Stimulation of repair and home improvement, committee members, Sewell Avery, of Chicago, and C. M. Woolley, chairman of the board of the American Radiator Corp."

"Organization of committees in the several districts to assist home owners with maturing mortgages (chairman not designated)."

Gerson Presents Fine Loving Cup To Tennis League

Winner Of City Tennis League Title Will Get Handsome Loving Cup From Jeweler

Jack Gerson, jeweler, has presented the city tennis league with a beautiful silver loving cup. Mr. Gerson is quite a sportsman himself, and among other things is an accomplished tennis player.

The city league was without an award of any kind until Mr. Gerson came forward and donated the trophy. The winning team should have some recognition for their interest in tennis, and the league also deserves credit for the re-creation of tennis in this city. There has been quite an interest in tennis this year, and the 12 city league teams bespeak the cooperation and keen desire to play tennis.

More tennis courts than ever are to be found in New Castle. For the benefit of tennis and sports fans, the Gerson trophy will be placed in the window of the Winter Brothers store on East Washington street until presented personally to the winning team by Mr. Gerson.

The fight for the cup lies between the Fraziers of section 2 and the Green Hills team of section 1, it is indicated, although the North Hill team must be disposed of somehow. The North Hill team won the first half of the season. The Green Hills team must defeat the Washington team to gain the right to play for the title. The championship series will be played to the best out of five matches.

Gardner School Plans Picnic

The Gardner Sunday school will hold a picnic on Labor Day on the lawn of Gardner chapel. S. W. McCullough is chairman of the sports committee and the contests will begin at 2:30. There will be plenty of fun and a good time for every one until supper is served at 6:30.

ROAMING

With Richards
Some News, Some Views, But Mostly Just Observations Of Interesting Things Around New Castle.

Did some roaming Friday afternoon in one of the queer spots of the United States, the Pymatuning Dam area. A spot where Nature has been on a bender, where it seems as though the crust of the earth is rather thin, and nobody is just sure what is down below.

Standing in the middle of what will be the last day, the sight is an interesting one. For several miles each way the trees and brush have been cleared off and the area looks as though it were being prepared for a huge athletic field, although some of the area is soft and boggy and suggests a huge quagmire directly below.

Once upon a time, if you don't mind the fairy story line, there was a huge lake up there. Back when the earth was young water covered the area and one can imagine dinosaurs down at the water's edge filling their radiators.

Streams in the area at that time ran towards Lake Erie, but the glacier changed all that. Apparently the glacier came charging down through this area at the breath taking speed of several inches a year and chiseled its way south. The result was a change in the direction of the water courses although near Shermansville the water still runs into Lake Erie.

Over near Adamsville a huge gorge was dug out, although today it is level enough. However well drillers find that on one side of the highway they get spring water in rock formation down about forty feet. Across the road and over about 300 feet they have drilled three hundred feet through soft earth and gotten no results.

Looking up and down the cleared area one can see for himself just what the old time lake looked like. Actually, all that they are doing up there now is restoring the lake that existed there thousands of years ago. But they won't be able to put back the dinosaurs if there ever were any.

The swamp area is the last vestige of the lake. Passage through it is still difficult, although not impossible. You may have heard that old myth about a ship that once wrecked its way up and then couldn't get back. The story is probably made up of moonbeams, but if you want to back a few thousand years it might have been possible.

The clearing is about 75 per cent done and by December it will probably all be finished. The contract for the Esprville-Anderson highway is ready for letting, and the dam itself is within six feet of its top mark. By next March when the spring floods start rolling down, they can begin impounding the waters and inside of two years Pymatuning Lake should be a reality.

Already the folks are beginning to advertise. One sign on Highway 322 advises you to see the lake from Anderson, O. the "big side of the lake." Another sign advises "Pymatuning Herb Medicine." "Pymatuning" stands are in evidence, and now it remains for somebody to erect a Pymatuning hotel.

The project is going forward with more speed than ever was anticipated. Ralph J. Ferris, the engineer in charge is one of these lads who talks little, but eats up work. He tells you the clearing will be finished this year and then shows you a map to prove what has been done.

Perhaps the Pymatuning Dam area is close to the inside of this terrestrial ball, I don't know. What ever happened up there is a secret Nature is guarding carefully, but it is an intensely interesting spot.

Union officials charge Conner clipped coupons from bonds and other securities owned by the printers and converted them and other dividends to his own use. He is also accused of keeping death benefits in two insurances. He is accused of deserting his wife and three children, several months ago.

Troop To Hold Drill On Sunday

Weekly Mounted Drill Sessions Are Planned By Captain Harvey Bintrim

Captain Harvey G. Bintrim, commander of Troop F, 103rd Cavalry, announced today that the weekly drill sessions would be held at the stables in Scotland Lane, Sunday afternoon and Monday evening, as has been customary since the return of the Troop from camp.

Captain Bintrim returned last week from Washington, D. C. where he has been undergoing treatment in the Walter Reed Hospital for injuries sustained at Fort Riley, Kan., early in the summer. While the injury to his hand is greatly improved, it is still bothering him some, and some relief was secured in the Washington hospital.

The troop is making rapid strides in horsemanship. The additional horses secured this summer at camp, making it possible for every man to be mounted during the split drill sessions, and before next summer arrives, the local Troop should boast of some real "rough riders."

Aimee McPherson Back At Temple

(International News Service)
LOS ANGELES, Aug. 27.—"Turn on the radio and let the world know that Aimee is back."

With these words, Aimee Semple McPherson-Hutton, evangelist, announced today she would make a "comeback" appearance at Angelus Temple tomorrow.

Mrs. Hutton has been ill two months. She also was injured in a fall at her Moorish temple at Lake Elsinore when her husband, David Hutton, Jr., informed her he had lost a \$5000 heart balm judgment to Myrtle Hazel Joan St. Pierre, an attractive Pasadena nurse.

Illinois Man Is Trapshoot King

Postal Clerk of Dixon, Ill., Is New National Trapshoot Champion

(International News Service)
VANDALIA, O., Aug. 27.—Arthur E. Scheffeld, a postal clerk of Dixon, Ill., today was the new king of American trapshooting.

Shooting under the worst weather conditions in the past 10 years of the grand American handicap tournament, Scheffeld broke 98 out of a possible 100 clay birds to win the final event and carry away the greater portion of \$11,000 in stakes.

Six men tied with 97 for second place and after the shoot-off matches P. A. Rogers, of Mt. Sterling, Ky., took the honor. Dr. W. E. Winder, of Lancaster, was third; L. W. Brecker, of Canton, O., fourth; Billy Brimmer, of Omaha, Neb., fifth and A. H. Conkey, of Cleveland, sixth.

Philadelphia Girl Wins In Long Swim

Daughter Of Philadelphia Policeman For Third Straight Year Wins Toronto Swim

(International News Service)
TORONTO, Ont., Aug. 27.—Miss Margaret Ravior, husky Philadelphia girl, today is the undisputed world's greatest professional woman swimmer.

Miss Ravior, daughter of a Philadelphia policeman, for the third year in a row annexed the Canadian national exhibition ten-mile swim in comparatively easy fashion. Although her time for the ten-mile course was not as fast as previously, she clearly outclassed the field.

The winner's prize was further reduced this year and Miss Ravior will receive only \$3,000.

Mrs. Evelyn Armstrong, of Detroit, was second; May Looney, of Warren, O., third. Mrs. Armstrong will get \$1,500, and Miss Looney \$700.

Miss Ravior won by 15 minutes and 1,500 yards in 5 hours 22 minutes and 18 seconds. Last year she was timed in 4:56:44-10.

Eva Tanguay, Broke And Blind, Fights Encroaching Death

HOLLYWOOD, Aug. 27.—Eva Tanguay—the blond-bobbed "I don't care!" girl who a generation ago captivated the music hall audiences of the world—lies near death in a tiny bungalow.

A stage madcap since she was a child comedienne 46 years ago, Miss Tanguay was 34 on August 1. She is fighting and day by day losing a battle against a combination of diseases to which, for five months, she has refused to surrender—and fighting in the dark, because she is almost blind.

It is a lonely fight, too, almost single-handed, because once last May she has been in hiding from her friends—refusing to tell them that her \$2,000,000 fortune has been utterly swept away and that a sheriff's order, if she lives that long, will next month evict her from the obscure dwelling where she now lies ill. Revelation of the tragic plight of the one-time international star was made last night by her sister, Mrs. Walter Gifford.

Young People To Present Pageant

The Young People of the Third United Presbyterian church will give another of their interesting, spiritual programs Sunday evening in the assembly room of the church at 7:30 in the form of a stewardship pageant, "The Dream."

The pageant will be directed by Jane Kyle and those taking part will be Mabel Kocher, Watson Wilson, Nettie Irene Mann, Arthur McNickle, Harry Newell, Dorothy Shiffler, Henry Lawton, Edgar McCown and Reba Sines. Russell McNickle will be the leader for the evening.

TEACHES' INSTITUTE TO BE ABANDONED

BUTLER, Pa., Aug. 27.—The Butler county teachers' institute, which for three-quarters of a century has been held in Butler county without interruption, will be discontinued this year. John T. Connell, county superintendent of schools, announced today following conferences with supervising and high school principals and representatives of elementary schools. The action will save approximately \$12,000 to the taxpayers of Butler county.
